

February 9, 2007

Warren E. McCain Middle School  
Sandy Holloway, Principal  
400 N Iowa Ave  
Payette, ID 83661

The Snake River Valley Training Association held the 2007 Essentials of Firefighting training weekend on January 13-14, 2007. The staff of McCain Middle School generously opened the doors of its school to host our training event. Thank you!

Our weekend training school would not have been successful without your help and support. You provided a huge cafeteria which held all our firefighters and instructors for orientation, lunch, refreshments, and equipment staging. The classrooms allowed our instructors comfortable, well-equipped areas in which to train the new firefighters. We even utilized your parking lot! We were able to set up a driving range and fire hose demonstration.

Thank you for opening your doors and providing the time and staff to host this event. We are a regional training association for the entire lower Snake River Valley, and your support has had a very real impact in the safety and effectiveness of newly-trained firefighters for the community of Payette and all other surrounding communities.

Thank you for your help and support.

Sincerely,

Milt Reynolds, Secretary  
Snake River Valley Training Association
